What do you see when you look at me?

What do you see when you look at me? A maid, someone who doesn't speak English, I cook Mexican food and tacos. That all Hispanics are Mexicans. People stereotyping others is not a very good thing in fact many time people miss judge people just by their looks. The judge by what they wear, where they are fro. They get judged by their skin color and many time the way they talk. When actually I am fun loving person. I don't cook Mexican food and tacos. I am not a Mexican. I don't speak English and my favorite thing is not cleaning. I am as smart as a dolphin. Once you get to know me I am talented and loving ad I love taking risks once and a while. What do you see when you look at me.
